

Meet & Greet Service at airport

What is the Meet & Greet Service?

Worry about finding your vehicle at the airport?

Please don't worry. Charter Bus driver can provide Meet & Greet Service (an airport pick-up service) to welcome you to WA. The staff or the driver will be waiting at the arrival lobby of the airports holding a signboard with your name on it, and take you to your vehicle.

The service staff is fluent in English so you don't have to worry about communication problem, other than that we also can arrange staffs speaking mandarin, Cantonese and maybe other Chinese native languages. Whether the staff or the driver will be there depends on pick-up areas.

How to meet the driver or the staff at the airport

Upon arrival, **proceed to the arrival exit (You should go through immigration when your flight is an International flight, and then go to pick up your luggage from the transfer belt, the last thing before you going out is the luggage check by custom)**. Your driver or the staff will be waiting for you in the arrival lobby inside of the terminal building.

The driver or the staff will be holding a sign with your name on it. They will be clearly identifiable (wearing suits and carrying signs with your name and the Charter Bus company logo).

Remember to switch your mobile phone on when you arrive in the airport terminal at Perth, if you have a phone that has roaming service so that we can contact you.

If you cannot meet the driver or the staff.

If you have any difficulty finding the driver or the staff.

1) Please go to the airport information desk in the arrivals hall and ask for a public announcement to be made for any WATT representatives

2) Please call our customer service

Public phones accept credit cards and Australian coins.
